Weissach, April 2022

Dear Mr. Markiv,

It is with great sadness that we at Porsche have been watching the tragic events in Ukraine. The news that reaches us from your country every day moves us profoundly. Our concern and solidarity go out to the countless people affected by the armed conflict. We are also deeply saddened by the immeasurable suffering of the people in distress through no fault of their own.

In particular, we are concerned about the well-being of your employees in Stryj, that give their best on a daily basis to secure the production of Leoni cable harnesses. Despite the dire circumstances, we sincerely hope that you personally, as well as your employees and their families, are doing well. The health and safety of our partners in Ukraine is our top priority.

In this extremely difficult and distressing situation, we certainly do not take it for granted that your company continues to manufacture parts for Porsche's Panamera, 911 GT3 as well as the Boxster/Cayman. Especially reinstalling and maintaining a two-shift production earns our deepest respect. This tremendous dedication is greatly appreciated. At Porsche, we will never forget your commitment. We would like to express our sincere gratitude to you and all the employees of your company. Please convey our gratitude to the entire workforce at Leoni.

PORSCHE

Unfortunately, at present, we can only hope for a cessation of hostilities as soon as possible and for a return to diplomacy. We are convinced that a long-term solution can only be achieved under the auspices of international law. The most important thing, however, is that all of you and your families overcome this situation unscathed.

Our thoughts are with you and your loved ones during these days. Keep well and stay healthy. All our heartfelt best wishes go out to you for the future.
